Credit Rating Agencies

"The company showed a significant increase of 21.7% in its revenues in 2023, driven by **growth in all its geographies** (...). (The pipeline) represents 3.3 times SONDA's annual sales and 2.5 times its business closures in 2023, reflecting the company's potential revenue growth in the medium term."
Fitch Ratings

"We highlight favorably within the company's business profile, the large relative size it achieves through a high degree of geographic diversification. (...) SONDA **would continue to demonstrate a high capacity to close contracts in the medium term**, associated with the high level of pipeline it presents."

Sustainability in our DNA

Notable ESG Solution

Infovía Digital:

The initiative spans a period of 30 years, during which SONDA will improve the connectivity of the state of Mato Grosso do Sul, Brazil. This includes the implementation of 6,950 kilometers of fiber optic network in its 79 municipalities, benefiting over 2.8 million people with the project.

The **improvement in connectivity** facilitates **access to education, health, and public safety and reduces the digital divide** in the state of Mato Grosso do Sul.
